Written by Mary Gamboa

Key: E | Time: 4/4 | BPM

INTRO

What we long for is authenticity
We long for real community
We long for affirmation and acceptance

VERSE

We are releasing a sound that calls a lost generation to be found
Sustaining the voice, the decrees, the word of the Lord
We are releasing a sound that calls the lost generation to be found
Found in the Father, the Spirit, found in the Son

CHORUS

Come in - lift up your heads
Come in - out of brokenness
Come in - find your place in the kingdom
And your purpose for living - come in

BRIDGE

Out of the power of the darkness,
Into the power of the light
Out of the power of the lusts of the flesh,
Into selflessness and spiritual sight
Out of the power of deception,
Into the power of the truth
Out of the grip of the father of lies,
Into loving arms and trusting you

TAG

Release your sound, release your sound
Awaken the watchmen, awaken the warriors
Awaken the worshippers
