

Me First

Written by Mary Gamboa

Key: G | Time: 4/4 | BPM

VERSE 1

Heal the sick, raise the dead
Cleanse the leper's what I said
Go make disciples, tell al the lost
Reconciling all men, counting the cost
Speak with new tongues,
move in my power
You're what the world needs
in this very hour
Shining my light, casting out darkness
Seek my kingdom and my righteousness

Chorus:

(But) Love me first - with all your heart
Love me first - with all your mind
Love me first - with all your strength
And the world will see it's your life
hidden in me, if you love me first

VERSE 2

Follow me, feed my sheep
Watch and pray, don't fall asleep
Wait for the promise, Holy Spirit flame
Endued with power now to proclaim
The kingdom is near, the kingdom's at
hand
Occupy in my name here in this land
Teaching creation about the new birth
As my people bring heaven to earth

Chorus:

(But) Love me first - with all your heart
Love me first - with all your mind
Love me first - with all your strength
And the world will see it's your life
hidden in me, if you love me first
